3173 / Tennis Tutor Plus

Similar to 3177 Tennis Tutor Model 2 except with topspin and underspin and stands about 8" taller.

- + Start-up time delay, groundstroke to lob trajectories, ball ejection speeds 10-85 mph.
- + 1.5-12 sec ball feed rate, heavy-duty battery that provides 4-6 hours court time (typical). Built-in oscillator.
- + The only portable ball machine that displays the Elevation setting on the control panel. Holds 150 balls. 62 lbs.

3174 / Tennis Tutor Plus with Remote

Same as 3173 except with built-in 2-function wireless remote control. 62 lbs.

3195 / Tennis Tutor Plus with Dual 2-Line

Same as 3173 except with 2-line function that automatically shoots to 2 preset court positions (2-line narrow and 2-line wide). 62 lbs.

3175 / Tennis Tutor Plus with Remote, Dual 2-Line

Same as 3195 except with built-in 2-function wireless remote control. 62 lbs.

Call Toll Free / 800.526.7548

3196 / Tennis Tutor Plus Player

With the push of one button, it simulates a player on the other side of the net.

- + Push either Beginner, Intermediate or Advanced buttons and the Player model automatically picks on appropriate speed and spin, then changes both the side-to-side position and the depth of shots as if you were playing someone with that ability.
- + The position and depth is computer programmed to simulate the shot patterns of real players. Includes dual 2-line feature. 62 lbs.

3197 / Tennis Tutor Plus Player with Remote

Same as 3196 except with 2-function wireless remote control. 62 lbs.

3443 / Smart Charger

Automatically shuts off when charging is complete to prevent overcharging. 5 lbs.

3442 / Smart/Fast Charger

Recharges 3 times faster than the regular charger plus automatically shuts off when charging is complete to prevent overcharging. 5 lbs.

3180 / Storage Cover

For any Tennis Tutor, Plus or ProLite machine. 1 lb.

HOME COURT BALL MACHINES

3190 / Shot Maker Standard

Professional ball machine to challenge players at any level.

- + Random and programmable oscillation, adjustable spin from heavy underspin to flat, to heavy topspin, ball speeds 10-95 mph
- + 1-6 sec feed rates, adjustable trajectory from groundstroke to lob.
- + Can be programmed to shoot balls to any or all of the 3 positions. Holds 300 balls. 150 lbs.

3191 / Shot Maker With Remote

Same as 3190 except with single-function wireless remote control. 150 lbs.

Shot Maker Standard Panel

3192 / Shot Maker Deluxe

Same as 3190 except can be programmed to shoot balls in a pattern of up to 6 shots, with each shot directed to any of 5 different court positions or to a random position.

- + Includes a 2-function wireless remote control. 150 lbs.

3193 / Shot Maker Super Deluxe

Same as 3190 except uses a Touch Overlay Panel to provide the same controls as the 3192 Deluxe model
